

Ethernet Switch
 HARTING mCon 4000
 Ethernet Switches, managed,
 for flat wall mounting

General Description	Features
---------------------	----------

<p>The Fast Ethernet Switches of the product family HARTING mCon 4000 are recommended for use in the widest range of industrial applications and support Ethernet (10 Mbit/s) and Fast Ethernet (100 Mbit/s). The product family enables the connection of up to 8 network devices over shielded Twisted Pair cables.</p> <p>Mechanical stability and temperature range meet the highest demands. The robust M12 interface shows its advantages especially in applications at risk of vibrations.</p> <p>The Ethernet Switches support both SNMP and an easy Web interface for management functions.</p>	<ul style="list-style-type: none"> • Ethernet Switch according to IEEE 802.3 • Ethernet (10 Mbit/s) and Fast Ethernet (100 Mbit/s) • Auto-crossing • Auto-negotiation • Auto-polarity • Store and Forward Switching Mode, non blocking • Diagnostic LEDs (Link status, Data, Power) • Mounting onto wall, optionally onto top-hat mounting rail
--	---

Advantages	Application fields
------------	--------------------

<ul style="list-style-type: none"> • Robust metal housing and flat housing style • EMC, temperature range and mechanical stability meet the highest demands • Wide range for power supply input • Wide range for type test according to EN 50 155 and EN 50 121-3-2 	<ul style="list-style-type: none"> • Railway applications • Industrial automation • Automotive industry • Wind power
